

Hello,

I would like to invite you to our new class Y3/4P and I cannot wait to get started! It is important that we use our class because I want us to be a team working together to be successful in Y3/4P. Mrs Dowell, Mrs Smith and I are so excited about having you in our class and we cannot wait to greet you all.

Every year during transition, I'm so eager to learn all about the new children in my class and what they like to do. I always like to start by letting you know what I am like and the interests I have. Firstly, what you need to know more than anything else is that I am very friendly and if you have any problems I will always do my best to support you. More than anything else, I love spending time with my family and especially my coker spaniel, Dexter. I love music, my favourite band is Oasis and I love to go to gigs and festivals with my girlfriend and her brother.

I'm a huge Leeds United supporter and I love playing football and cricket. My favourite subjects are Maths and ICT but I really enjoy teaching PE the most. What are your favourite hobbies and special interests?

In class I have high expectations of everyone. Showing respect to everyone is very important to me and is something I expect to see everyday. I want you to take pride of your learning and I will support you throughout the year. I must ask you to give 100% and try your best in everything you do. Is there anything that worries you about next year?

I would really love to know more about you before we start learning together. I would love to know your favourite interests; favourite subjects in school; what are you looking forward to the most in Y3/4P? So, for the first task, I would like you to write a letter back to me and tell me about yourself.

I hope you have as much fun writing your letter as I have mine. I look forward to working with you in September.

Mr Purshouse
